Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative stated that their invention is a predictable deterministic distribution schema and the examiner stated Resinkoff et al.'s look up table would read on it. Applicant's representative agreed with the examiner on this issue. Applicant's representative also stated Tansley does not teach the claimed limitations as applied on the 103 (a) rejection. Examiner stated that he will give this issue further consideration. Applicant's representative also stated their invention is directed toward uniformly spaced data samples. Examiner stated that he will also give this issue further consideration.
